2. Not for Emergencies

IF YOU ARE EXPERIENCING A MEDICAL EMERGENCY, YOU SHOULD DIAL “911” IMMEDIATELY.

Our Site and Services are **not** for medical emergencies or urgent situations. You should not disregard or delay to seek medical advice based on anything that appears or does not appear on the Site. If you believe you have an emergency, call 9-1-1 immediately

You should seek emergency help or follow up care when recommended by a Provider or when otherwise needed. You should continue to consult with your primary provider and other healthcare professionals as recommended. Always seek the advice of a physician or other qualified healthcare provider concerning

questions you have regarding a medical condition and before stopping, starting, or modifying any treatment or modification.

Risks of Telehealth Services

By using the Services, you acknowledge the potential risks associated with telehealth services. These include but are not limited to the following: information transmitted may not be sufficient (e.g. poor resolution of images) to allow for appropriate medical or health care decision making by the Provider; delays in evaluation or treatment could occur due to failures of electronic equipment; a lack of access to your medical records may result in adverse drug interactions or allergic reactions or other judgment errors; although the electronic systems we use incorporate network and software security protocols to protect the privacy and security of health information, those protocols could fail causing a breach of privacy of your health information.

Prescription Policy

We do not endorse any specific medication, pharmacy, or pharmacologic product. If a Provider prescribes a medication, he/she will limit supply based upon state regulations and will only prescribe a medication as determined in his/her own discretion and professional judgment. There is no guarantee a prescription will be written. Providers do not prescribe DEA controlled substances or scheduled medications, or certain other drugs which may be harmful because of their potential for abuse. Providers reserve the right to deny care for actual or potential misuse of the Services.

You agree that any prescriptions that you acquire from a Provider will be solely for your personal use. You agree to fully and carefully read all provided product information and labels and to contact a physician or pharmacist if you have any questions regarding the prescription. We fully honor patient freedom of choice and, if you receive a prescription for a medication, you always have the option to instruct your Provider to transmit that prescription to the pharmacy of your choice.
